Hi Team -- see the attached revised SOW. I spoke to Mike this morning and he reiterated that Respondents believe they can meet our target date of 9/19 for a response on the final offer we provided to them last week. As we've heard back on the split sample results issue, I'll set up a call for either later this afternoon or tomorrow morning to give a little time to go over the SOW before we talk. Thanks-Jacquie

Jacqueline Clark

Subject: Washington Works - Proposed Scope of Work for Supplemental Sampling Activities (redlined version 9-12-16) (Confidential - For Settlement Purposes Only)

Jacquie --

I am attaching for consideration by EPA an updated version of the proposed scope of work that EPA circulated on September 1. The limited changes to the text of the scope of work and two of the attachments for the scope of work are shown in a redlined format. All of the changes that EPA made to the scope of work were incorporated into the document prior to making the revisions shown in a redlined format. Please let us know if EPA should have any questions or concerns regarding the attached document.

Best regards.

Michael
